

Wayne Trace Local School District Administrative Guidelines

5113 - INTER-DISTRICT OPEN-ENROLLMENT

Inter-district open enrollment at Wayne Trace Local Schools refers to enrollment to or from any school district in Ohio.

The following procedures will govern inter-district open enrollment:

- A. School-aged students whose parents reside in the state of Ohio will be notified annually through news releases of the opportunity for inter-district open enrollment into Wayne Trace Local Schools.
- B. Parents must submit Form 5113F1 to the Wayne Trace Local Superintendent no earlier than April 1 and no later than June 1 of each year. Parents will be notified by July 1 of each year of their application being accepted or denied. Once accepted, the student will attend the district for the full school year.

"In special or unusual circumstances, the Superintendent may waive the required June 1 date in the above paragraph."

- C. Transportation will be provided with the school District under the following procedures:
 - 1. the pick-up and drop-off should be at a regular bus stop location within the District, if possible; (The District reserves the right to insure a student will not be unattended, such as leaving a student at an intersection or being left at an unsafe drop-off within District borders.);
 - 2. the Transportation Director shall require open enrollment students to be transported to District borders and shall arrange with the parent or guardian appropriate pick-up and drop-off stops; and
 - 3. students attending one of the two elementaries will be provided transportation only within that building's attendance area (This means parents must transport to District routing borders of the school of attendance.)

- D. Applications will be considered in the order received.

- E. Class size limits will be based on enrollment as of the first (1st) day of June and will be as follows:

K-3 Both Buildings	24 Average Per Room
4-6 Both Buildings	25 Average Per Room
7-12 Jr.-Sr. High School	25 Average Per Room

Vocational Home Economics and Vo Ag 3 Less than State Maximum

Special Education 3 Less than State Maximum

Students with an IEP will be accepted only if the required services are already provided.

- F. Applicants will not be approved if the student has been suspended or expelled for ten (10) or more total days by the District of residence during the school year in which the application is made.
- G. Applicants may be rejected if a racial balance plan would be negatively affected.
- H. Applications and acceptance will be for one (1) year at a time. Resident students will not be displaced from any classes. Previously approved open enrollment students will be given a preference over new applicants but acceptance the previous year does not guarantee approval. Students attending Wayne Trace Local Schools the previous year but who become open enrollment the subsequent year because of a move, shall, in instances, be given enrollment preference over new applicants if space and the behavior of a student are both acceptable.
