

Safe Return to In-Person Instruction and Continuity of Services Plan

As required by Federal Law per American Rescue Plan (ARP)

On June 2, 2021, Governor DeWine announced the state's loosened mask mandate. Fully vaccinated people in Ohio will no longer be required to wear a mask except in certain crowded indoor settings, such as healthcare and transportation. Governor DeWine has requested that schools and districts design plans that address the safe return to in-person instruction and continuity of services to meet the needs of students.

Wayne Trace Local Schools has been providing face-to-face instruction, five days a week, to our students during the 2020-2021 academic year. We have maintained the same standard of high expectations as in previous years. We consistently monitor student progress and use all available data to make decisions that support individual student needs. We have prioritized the social and emotional well-being of our students during the pandemic and are providing supports where appropriate. Therefore, we will continue to provide face-to-face instruction, five days a week, to our students.
